PROFILE SUMMARY

MERN Full Stack Developer with hands-on experience in building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, Tailwind CSS, React.js, Node.js, Express.js, MongoDB. Passionate about continuous learning and keeping up with Evolving frontend technologies. Seeking an opportunity to contribute to impactful web projects and grow as a Developer in a collaborative environment.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Backend: Node.js, Express.js, MongoDB

Tools: Cloudinary, Stripe, Socket.io, JWT, Mongoose, REST API, Git, Github, Postman

PROJECT EXPERIENCE

E-commerce Platform | MERN Stack

[LiveLink](#)

Developed a full-stack e-commerce platform using the MERN stack. Implemented JWT authentication, Stripe payments, and Cloudinary for image management. Engineered a dynamic cart system with real-time stock validation and an admin dashboard for product/order oversight. Built a responsive React frontend with advanced state management, search, and filtering.

Integrated Farm Management System | MERN Stack

[LiveLink](#)

Implemented secure user authentication, cart management with guest persistence, and Stripe payment integration. Engineered admin dashboard with sales analytics, inventory management, and order processing. Built RESTful APIs with Node.js/Express, managed state with React Context, and designed responsive UI. Utilized Cloudinary, JWT, and Mongoose, demonstrating end-to-end web development expertise.

Real-Time Chat Application | MERN Stack

[LiveLink](#)

A full-stack real-time chat application built with the MERN stack. Features user authentication, live messaging, online status indicators, and profile management. Includes image uploads via Cloudinary and instant notifications using Socket.io for seamless real-time communication between users.

PROFESSIONAL EXPERIENCE

July 1, 2024 – July 20, 2024

Web Development Intern - Nxtlogic Software Solution

I completed a 15-day web development internship at Nxt Logic Software Solution in July 2024, where I gained hands-on experience in front-end technologies such as **HTML5**, **CSS3**, and **JavaScript**. During the internship, I worked on real-time web development tasks under the guidance of professionals, which helped me improve my coding skills, understand development workflows, and apply best practices.

EDUCATION

Bachelor of Science in Computer Technology

June 2022 – April 2025

Erode Arts and Science College

CERTIFICATIONS

MERN Stack Developer Certification | Tech Vedha

May 2025 - Aug 2025

- Comprehensive training in MongoDB, Express.js, React, Node.js

- Hands-on experience with JWT authentication and real-time features
